

## **African American Employee Resource Group** **Veronica Hunter, Accounts Payable Manager**

“Our ability to reach unity in diversity will be the beauty and the test of our civilization.” Mahatma Gandhi

We are excited to announce the African American Resource Group. This group is a place where topics and conversations can flow freely, and everyone can feel comfortable sharing their experiences to help educate and learn from each other differences. We welcome all MRLP employees. This is a judgement free zone. Come help us in making MRLP the blueprint in our industry and community for Diversity and Inclusion. We look forward to our current and future growth.
